

Breakfast on the Beach

**Sunday 22nd June 2025
Nudgee Beach at 6.15 am till 9.00 am**

Our celebration of the 'Winter Solstice'

Come and see the sun rise at Nudgee Beach over the tranquil waters of Morten Bay. We go rain hail or shine for our once a year celebration of the Winter Solstice. In the past it has been on the mountain at Jolley's Lookout. This year we thought we might try something different.

We will meet at the Beach in your own time. But to see the sunrise be there by **0615hrs**, or O Dark Hundred Hours or sparrow fart. It should be just start getting to get light.

There is a large shelter shed with picnic tables , electric BBQs and toilets just next to the parking area.

But you will need to bring your own Breakfast etc.

Also chairs tables and coffee or tea, gloves and woollies. As this is an early start it means we will finish in plenty of time for you to enjoy the rest of the day.

So see you there

Nudgee Beach, Fortitude St near the Boat Ramp
